PROFILE

Results-oriented 3rd Year CSE student (B.Tech, UEM-Jaipur) with hands-on experience in Cross-Platform App Development and Machine Learning. Completed a Flutter Development Internship at ShivKalp IT Services, delivering a live community engagement app on Google Play Store. Skilled in Flutter (Dart), Python, and Data Analytics, eager to build scalable and impactful software solutions.

TECHNICAL SKILLS

Flutter & App Development:

Flutter, Dart, Firebase Auth, Firestore, REST API integration, Responsive UI, State Management (Provider / BLoC), Clean Architecture (familiar)

Programming Languages:

Python, Java, C++, JavaScript

Tools & Workflow:

Git, GitHub, VS Code, Android Studio, Postman

ML & Data Science:

Scikit-learn, Pandas, NumPy, Matplotlib, OpenCV, Mediapipe

EDUCATION

Bachelor of Technology (B.Tech), Computer Science & Engineering,

University of Engineering & Management (UEM), Jaipur

2023 – 2027

CGPA: 8.37/10 (Till 4th Semester)

Higher Secondary (12th), Science

Bongaon High School | 2020 – 2022

Percentage: 90%

PROJECTS

Soci-Go

- A Flutter-based social application with real-time chat and post-sharing functionalities.
- Designed responsive UI for multiple screens.

Jireмали Samaj App (Live)

- Live app available on Google Play Store.

CRUD App for Books

- CRUD operations with REST API and clean UI implementation.
- Used Provider for state management.

Weather App

- Fetches live weather data using Open Weather API.
- Implemented caching and user-friendly UI.

Hand Gesture Mouse Control (Mediapipe + OpenCV)

- This ML application can move mouse cursor by hand gestures.
- Integrated Mediapipe for accurate hand landmark detection.

Genetic Disease Risk Predictor (ML + Streamlit)

- Built a web app to predict the risk of genetic diseases in offspring using family history.

INTERNSHIP EXPERIENCE

Flutter Development Intern, ShivKalp IT Services

06/2025 – 08/2025 | Nashik

- Increased user engagement with communication features used by 1,000+ active community members.
- Released the app publicly on Google Play Store — enabled versioning and release management.
- Optimized UI rendering, reducing average screen load time by ~20%.

EXTRA-CURRICULAR ACTIVITIES

- Passionate football player, values teamwork and strategy.
- Active participant in tech quizzes & coding competitions.
- Senior member, Gaming Geeks Club – UEM Jaipur; organized and led multiple gaming events.

Achievements

- Delivered and published a live Play Store app during internship.
- Completed multiple Flutter app projects with Firebase integration.

CERTIFICATIONS & COURSES

- Flutter Development Internship Certificate - ShivKalp IT Services (2025) 
- Gaming Event Organizer Certificate — UEM Jaipur (2025) 
- The Joy of Computing Using Python
