Bongaon, West Bengal | UEM Jaipur, Rajasthan

PROFILE

Dedicated 3rd-year B.Tech CSE student with hands-on experience in Flutter-based mobile app development and machine learning. Completed two Flutter internships gaining practical skills in Firebase, REST API integration, state management, and UI optimization. Passionate about building scalable, user-friendly applications with clean architecture and strong attention to detail.

INTERNSHIP EXPERIENCE

Flutter Developer Intern Dec 2025 – Mar 2026
One Aim IT Solutions Remote

- Developed and maintained Flutter-based applications, contributing to feature implementation and bug fixes.
- Demonstrated strong learning ability, professionalism, and dedication across multiple project deliverables.

Flutter Development Intern May 2025 – Jul 2025
ShivKalp IT Services Nashik, Maharashtra

- Increased user engagement with communication features used by 1,000+ active community members.
- Published Jireмали Samaj App on Google Play Store; managed versioning, releases, and Play Console operations.
- Optimized UI rendering, reducing average screen load time by ~20%.

EDUCATION

B.Tech in Computer Science & Engineering 2023 – 2027
University of Engineering & Management (UEM), Jaipur CGPA: 8.37/10 (Till 4th Sem)

Higher Secondary (12th), Science 2020 – 2022
Bongaon High School Percentage: 90%

TECHNICAL SKILLS

Flutter & Web Development: Flutter, Dart, Firebase Auth, Firestore, GetX, BLoC, Clean Architecture, Play Console & Release Management, HTML5, CSS3, Responsive Design
Backend, Databases & Auth: Node.js, REST API Development, Authentication & Authorization, Firestore, MongoDB, SQL
Programming Languages: Python, Java (Core), JavaScript, C, Kotlin, Dart
Machine Learning: Scikit-learn, Pandas, NumPy, Matplotlib, OpenCV, MediaPipe, Data Preprocessing

PROJECTS

- Soci-Go** – Flutter social app with real-time chat, post sharing, Firebase Auth, Firestore, and REST APIs.
- Jireмали Samaj App (Live)** – Community app live on Google Play Store; built with Flutter & Firebase.
- Book Management CRUD App** – Full CRUD with REST API integration and BLoC state management.
- Weather App** – Fetches live weather via OpenWeather API; includes caching and user-friendly UI.
- Hand Gesture Mouse Control** – ML app using MediaPipe + OpenCV to control cursor via hand gestures.
- Genetic Disease Risk Predictor** – Streamlit web app predicting genetic disease risk from family history.

ACHIEVEMENTS & EXTRA-CURRICULAR

- Published a live Google Play Store application during internship; completed multiple Flutter + Firebase projects.
- Senior member, Gaming Geeks Club – UEM Jaipur; organized and led multiple gaming events for the college community.
- Active participant in tech quizzes & coding competitions. Passionate football player who values teamwork and strategy.

CERTIFICATIONS & COURSES

Flutter Development Internship – ShivKalp IT Services (2025) | Flutter Developer Internship – One Aim IT Solutions (2026)
Gaming Event Organizer Certificate – UEM Jaipur (2025) | The Joy of Computing Using Python
